Feraud Classics

Paris-based fashion brand Louis Feraud's new collection Timeless Classics is a line-up of wardrobe staples for working professionals. The collection embodies the core values of Feraud — featuring fun detailing, unique cuts and attention to details.

Other than smart workwear, the collection also encompasses casual clothing such as polo t-shirts and neat short-sleeved shirts for weekends.

Feraud's latest collection is available at all Outfitters Studio outlets and leading department stores in Malaysia. cs
